

## Compressed-Air Spray

### All-purpose use | fast reliable

WEICON Compressed-Air Spray can be used wherever dust cannot be easily removed by conventional methods and on parts which are difficult to reach. It allows dry and contact-free cleaning of inaccessible corners and sensitive surfaces. Compressed-Air Spray can be used on HiFi and video devices (e.g. modules, circuit boards, magnetic heads, hard drives etc.), in optics (e.g. on cameras, objectives, lenses), on car fuse boxes and wiper units, on clockworks (quartz clocks), in medical technology, model making, measurement technology, on electronic components and circuit boards.

#### Technische Daten

|                     |                      |
|---------------------|----------------------|
| Odour               | nearly odourless     |
| Specific properties | non-contact cleaning |
| Silicone-free       | yes                  |
| ISSA Code           | 53.402.05            |
| Shelf life          | 24 mon.              |

#### Processing

Be sure to hold the can vertically, do not shake it. Operate the spray head at short intervals as required. When used on electrical equipment, ensure good ventilation before switching the device back on to avoid possible deflagration of gas nests caused by switching sparks.

#### Storage

Pressurized container. Protect from direct sunlight and temperatures above +50°C.

#### Safety and health

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our safety data sheets ([www.weicon.com](http://www.weicon.com)) must be observed.

#### Available sizes:

11620400 Compressed-Air Spray, 400 ml
